

Monarch Hydrating Instant Hand Sanitizer

Hand hygiene is one of the most vital ways to stop the spread of harmful infections. Monarch Hydrating Instant Hand Sanitizer is formulated to help prevent the spread of germ causing illnesses and infections. Containing over 60% ethyl alcohol, it exceeds the CDC guidelines for alcohol-based hand rubs and is ideal to use in between patients when hands are not visibly soiled.

- Contains 66.5% ethyl alcohol to provide fast and effective protection against common illness causing germs.
- Meets OSHA Bloodborne Pathogens Standard 1910.1030 and CDC hand washing recommendations in the absence of soap and water.
- Waterless, transparent gel conditions and preserves skin's health with moisturizing Aloe.
- Dries quickly and evaporates completely without leaving a sticky residue.
- Fresh apple-scent.

“ I love being able to put gloves on quickly without my hands feeling wet, like with my previous sanitizer ”

Amy Sherman, RDH.

“ Some hand sanitizers dry my hands out, but this product left my hands feeling soft and pleasantly scented. ”

Donna Shewbert, RDH.

How to apply:

Technique adapted from European Committee for Standardization; EN 1500: 1997; Chemical disinfectants and antiseptics - Hygienic hand rub.
