

GumNumb™ Topical Anesthetic Gel

REF UTBG / UTCH / UTG / UTM / UTPC / UTS
INSTRUCTIONS FOR USE

Purpose: Oral anesthetic.

Instructions for use:

For oral mucosal use only, as directed by dentist. For the temporary relief of pain due to minor dental procedures.

- Apply only amount needed to the oral mucosa to prevent or relieve pain.

WARNINGS

Allergy Alert: Do not use on patients with a history of allergies to local anesthetics such as benzocaine or other “caine” anesthetics.

Do Not Use: for more than 7 days unless directed by a dentist or doctor. If sore mouth symptoms do not improve in 7 days; irritation, pain, or redness persists or worsens; or if swelling, rash or fever develops, see your dentist or doctor promptly.

When using this product: Avoid contact with eyes. If contact occurs, flush with water.

Stop use and consult a health care practitioner if the following symptoms appear: weakness, confusion, headache, difficulty breathing, and/or pale, grey or blue colored skin, as these may be signs of methemoglobinemia, a rare disorder, which may appear up to 2 hours after use.

Do not exceed recommended dosage. If more than used for pain is accidentally swallowed, get medical help or contact a Poison Control Center immediately.

If pregnant or breast feeding, ask a health professional before use.

Keep out of reach of children.

Active Ingredients (in each gram): Benzocaine 200 mg.

Inactive Ingredients: flavoring, PEG 3350, PEG 400, sodium saccharine. May contain yellow #5 (tartrazine), yellow #6, red #3, red #40, blue #1, green #3 as a color additive.

Other Information: Store at 59° - 86°F (15 - 30°C). Protect from freezing. LOT and Expiration are stated on bottom of bottle.
