The New Esthetics

In-office Whitening

Venus White^{max}

Remarkably efficient—accelerate patients' whitening with results in an hour or less.

- Three or four 15-minute treatments with 38% hydrogen peroxide gel
- Syringe-to-syringe mixing chemically activates the product, ensures a thorough mix and provides maximum freshness
- Contains potassium nitrate which helps decrease sensitivity associated with bleaching
- Follow in-office treatment with **Venus White Pro** custom take-home whitening or **Venus White Ultra** pre-filled, disposable whitening trays for best results
- **Venus Comfort Gel** is available separately and contains potassium nitrate and fluoride

Customizable marketing materials!

Visit www.SmileByVenus.com

A full suite of sales and marketing materials.

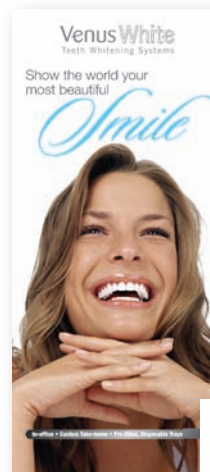

To help you successfully sell Venus White in your practice, Heraeus has developed a variety of effective marketing and communication materials. Use these tools to build on growing consumer awareness of whitening and ensure your patients know you have the solutions they desire.

Professionally designed support materials available for your use:

- Patient brochures, counter cards, invoice stuffers and more
- Customizable ad designs for your local publications
- Posters and window clings
- Web banners, images, and logos for your practice website
- Patient letter and email templates that can be tailored to your messaging

Your Heraeus representative can provide many of these items, and you can order additional customized materials at www.SmileByVenus.com.

Ask your Heraeus representative for more information.

“Venus White has proven to be a very reliable, effective, and predictable system. The feedback from the patients is very satisfying as well. They all have had shade changes, most 6 shades whiter. The product has been a big success in my practice.”

Dr. David M. Napolillo,
Cranston, Rhode Island
